OSGB  
Coordinates

British National Grid Easting:256238, Northing: 913884

Weather  
conditions at  
installation

Light to moderate, 90% cloud cover 15°C

**NMP1 - Blarbuie***(As shown on Figure 10.1)*

SLM Serial No.	00410085
Noise environment	Dominant noise source: Wind-blown vegetation, including trees in garden, hedgerows, and long grasses in surrounding fields. Other noise sources: Infrequent bird calls. Very distant, very infrequent road traffic movements occasionally slightly audible. Activities of residents within houses occasionally audible. Bees/insects audible at low level fairly continuously.
